# Our Way Self Advocacy 2011/2012

## A message from Our Way's Manager

We have had another very busy and challenging year.

In February I became the new Our Way Manager when Sylvia Lacy retired. Thankfully, we didn't lose Sylvia altogether because she still facilitates the Tenbury advocacy group, Shoot for the Stars, and has recently started supporting a new project - Team Tenbury, which provides sport and leisure opportunities for young people with learning disabilities in Tenbury.

Our Children in Need young people's advocacy groups have continued to be well attended and we have just heard that we have been successful in our bid for 3 more years funding for this work. Included in this funding is money to train Consultants who are young people who will be supported to run focus groups around Worcestershire. They will be asking young people with learning disabilities about what is important to them.

A massive disappointment for us was the loss of funding for the Both Ways service. This has meant we have had to say good bye to Steve Cooper, Martin Jones and Julie Price-Pass. I would like to thank them for all their hard work.

Our other projects have again proved very successful, including our popular Relationship Training Workshops and our new Safer Places project.

The success of Our Way is totally due to our very hard working and loyal team of staff and committed trustees, members and volunteers.

**Volunteers are very important to Our Way and we really value their input. If you would like to join us we will give you support and training.**

### **Message from the Chair**

Our Way Self Advocacy is led by people with learning disabilities and their views and ideas play a valuable part in the running of our organisation. We always listen to what our members say they want and need and work hard to find the funding to develop appropriate projects.

None of this would have been possible without the hard work and commitment of our staff and volunteers who are always prepared to go 'the extra mile' to ensure that our activities are successful. I must also mention the Management Group and Board of Trustees who continue to be committed to making sure Our Way continues to provide vital services in Worcestershire.

The financial outlook for the charity sector is becoming more difficult and in the last month we have been hit very hard by the decision of a funder to allow a housing association to take over the running of the Both Ways housing project. Both Ways represented a significant part of our business and meant that we had to let some of our dedicated staff go. However, we are in a stronger financial position than many other charities and are confident that we can find alternative funding and continue to empower vulnerable people.

## Both Ways Housing Project

Sadly, we were unsuccessful in winning the tender to continue providing the Both Ways Housing Service which supported vulnerable people to find somewhere and someone to live with in Worcestershire. Our contract for this project ended on the 31st October 2012.

However, up until then we had a very busy year and succeeded in finding suitable accommodation and housemates for more people.

This year we have worked with 111 people, helping them all to think about their housing options. Some decided they wanted to share and some wanted to live on their own.

We have helped 28 people to find a housemate.

We found accommodation for 14 people and supported 3 others to find their own accommodation.

We have supported 17 people to move into their own house, flat or bungalow.

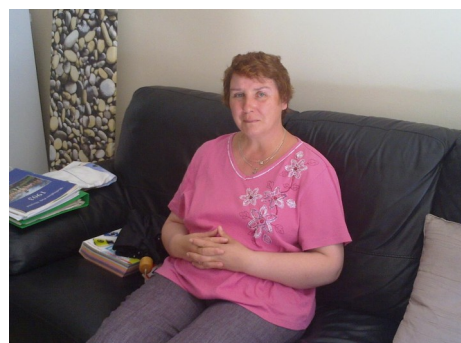

We have supported 19 people to find support to help them keep their tenancies.

We worked with 8 Livewell clients to provide pre-tenancy training and matching. We also helped them write their Housemates' Agreements before they moved into their new homes in Kidderminster and Bromsgrove.

Since the project began we have supported **241** people.

*Amelia and Charlotte - Housemates*

*Sarah - in her new flat*

## Stars in the Sky Project

Stars in the Sky is a friendship and dating agency for people with disabilities. Membership costs £30 per year.

Over the past year we have organised 32 events and activities across Worcestershire. Below are photos taken at some of the events.

*Go Karting in Stourbridge*

*Laserquest in Malvern*

*Treasure Trail in Evesham*

*Karaoke in Worcester*

*Michael Jackson  
Tribute Act in Redditch*

*Summer Ball in Kidderminster*

*Quiz Night in Droitwich*

*Drayton Manor Park*

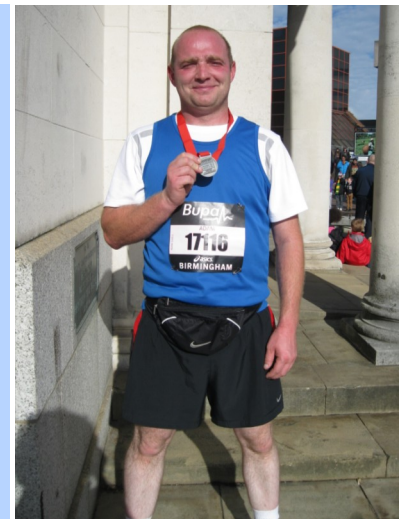

*Radio Station Tour  
BBC Hereford & Worcester*

*Art Workshop in  
Kidderminster*

Adam took part and completed the Birmingham Half Marathon on 21 October. It took him 2 hours 15 minutes and he raised lots of money for Stars in the Sky.

We have supported 27 couples to go on dates.

We have delivered 9 workshops about sex and relationships this year.

Rachel and Caroline have done some more training with the Family Planning Association in London.

The project organised a training event for workers and volunteers on alcohol and drug awareness. Workshops will be held for members in the new year.

This year we have worked with the TV Company, Betty, who are making the second series of the Undateables and we supported a couple to take part in the programme.

## DY10 Nightclub Project

Hello, I'm Lisa, organiser of the DY10 Project.

DY10 is a project for people with disabilities to experience a nightclub scene in a supportive place so that they feel confident ordering drinks, dancing and making new friends.

*Lisa*

The project has been busy doing lots of theme nights. Some of the theme nights we have done are 'Superheroes', 'Hour of Rock' and 'Back to School'.

We have been busy planning themes for next year.

*'Superheroes'*

We have about 85 people who come to the project. It is on a Monday night once a month at Home Nightclub, Dixon Street, Kidderminster and tickets cost £3.
